

Lights, Camera... Student Engagement

Karen Ogen ~ July 2015

0:00

Vision is the most dominant of the five senses. Research shows that concepts are better remembered if they are taught visually.

A video is created three times:

1
2
3

when you write it,
when you shoot it,
and when you edit it.

- News Show
- Interviews
- Weather reports

0:00

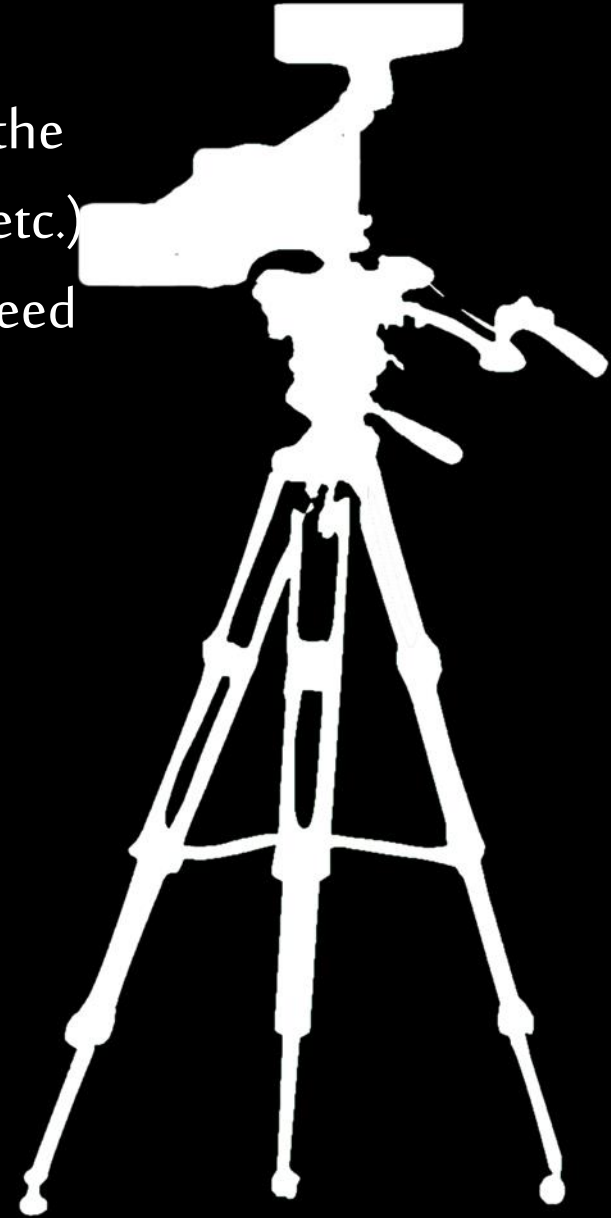

- Retell a story or event from 2 or more different points of view
- [Create a stop-motion animation](#)
- Write and perform a song
- Break it up- each person or group creates a part of the story/video in their own way
- [Make a parody of a song, commercial, tv show, character, etc.](#)
- Game show
- [Make a silent movie](#)
- Tell a story backwards

0:00

- Make a video where all of the spoken words are the same (ex: all adjectives, all questions, all idioms, etc.)
- Make a commercial for something that doesn't need a commercial
- Go myth-busters style and prove or disprove something
- [Animated Drawing/artwork](#)
- Talk to the audience (like ferris bueller)
- "what if"?
- Give a technology twist to the paper slide
- Make a talking avatar
